Notes:

* Double major department is "*Information Systems Engineering*"; Main major department is "*Industrial Engineering* "
* The courses written in **bold must be taken from double major department.**
* Only the courses on the same row are assumed to be equivalent and must be taken from main program and be transferred to **double major program**.
* No more than two technical electives can be taken from the Industrial Engineering (IE) Department. The technical electives that are taken from the IE should be related with the Information Systems Engineering contents and should be approved by the advisor.
* **General Electives:** All the General Electives must be taken from the main major department and be transferred to **double major program**.
* **Summer Practice**: One summer practice should be taken from Information Systems Engineering (ISE499). The other summer practice should be taken from Industrial Engineering Department (IE399).
